“Foucauldian” emphasizes on power and representation, held together by the bottom-up approaches that have always defined anthropology. Much “politics of” anthropology . International Political Anthropology Vol. 1 (2008) No. 2 264 simultaneously draws on older (Leftist) vocabularies of repression as well as resistance and newer ones that stress strategies of representation, local agency and ...

What Kind of Political Anthropology?

PDF copy of the Course Syllabus 1. A Brief Introduction. Up until the 1950s, political anthropology was preoccupied with politics in non-Western societies, typically focusing on small-scale, local and regional social bodies, with an interest in questions of authority, coercion, order and stability. Initially there was a debate about whether one could even find either politics or power in non ...

POWER AND ITS DISGUISES - POLITICAL ANTHROPOLOGY

Half a century ago, the subject matter and relevance of political anthropology still seemed relatively easy to define. Under Western colonial regimes, one of the most valuable kinds of knowledge which anthropologists could offer to produce was that relating to indigenous systems of law and government.

Power and Its Disguises: Anthropological Perspectives on

Political anthropology examines and compares these diverse systems of social control. It also explores the power structures of societies, including the extent of consensus and the patterns of equality or inequality within them. It examines the ways in which leaders establish or bolster their authority through tradition, force, persuasion, and religion. It asks whether a society can have a ...

Power, Community And The State: The Political Anthropology

By the late 1960s, political anthropology was a flourishing subfield: in 1969 there were two hundred anthropologists listing the subdiscipline as one of their areas of interests, and a quarter of all British anthropologists listed politics as a topic that they studied.

Political anthropology - Wikipedia

The classical British texts on political anthropology of the 1940s and 1950s thus offered a commentary on the tensions that colonial rule produced and on the reasons why it might be resented, but tended to take colonial domination itself for granted.

GLEDHILL, JOHN. 2000. POWER AND ITS DISGUISES

Introduction. Political anthropology emphasizes context, process, and scale. The field has been most concerned with the contextual specificity of political processes and the mechanisms through which localities are differentially incorporated into larger scales of social, economic, and political life.
