potty training in 3 pdf

The 3 day potty training method should be thought of as your child's transition from peeing and pooping in diapers to peeing and pooping in the potty. Using a quick toilet training method doesn't mean that your toddler will be fully potty trained in three days. (click on the image above for a more step by step approach)

How the 3-Day Potty Training Method Works & How to Improve

Potty training your child in 3 days. Here is exactly what you need to do on day 1 of the three days of toilet training.

Potty Training a Toddler in 3 Days DAY 1

A 3-day potty training is a method that parents use, especially mothers, to teach their child the proper transition of pooping and peeing in their diapers to pooping and peeing in a potty. However, using a quick method of toilet training doesn't guarantee that the toddler will fully learn and be fully trained of using a potty in just three days.
