teaching and learning to teach and suggest different orientations to the preparation of teachers.

Distinguishing between structural alternatives and conceptual orientations provides a way to highlight some of the major efforts that have dotted the teacher education landscape.

TEACHER PREPARATION: STRUCTURAL AND CONCEPTUAL ALTERNATIVES¹

Planning and preparation – One of the most important (principles of good teaching) is the need for planning. Far from compromising spontaneity, planning provides a structure and context for both teacher and students, as well as a framework for reflection and evaluation™ (Spencer, 2003, p. 25). We have seen that one of the advantages of small group teaching is that it provides opportunities ...

TEACHING AND LEARNING MATERIALS ANALYSIS AND DEVELOPMENT

The best teaching comes about from having not only a good lesson plan for each individual section but also a view of the big picture, a sense of how individual sections fit into the grand scheme of things. After all, if you don't know what each section is for, then you can't communicate that to your students, and if they don't know why ...
